FAMILY ESTATE

2015 DUNDEE HILLS PINOT NOIR

WINE OVERVIEW

Our 2015 Dundee Hills Pinot Noir is a true showcase for our estate grown grapes. The wine opens with bright aromatics of vibrant red fruit and cherries. The palate displays great balance with silky, well integrated tannins and notes of sun ripened raspberries.

HARVEST OVERVIEW

Warm and temperate spring weather prompted an early bud break as well as perfect weather for ideal fruit set, thereby producing larger, luscious clusters with lots of berries. The consistently dry weather and summer sun beautifully ripened the fruit until the end of August when a cold front came in and slowed down the assumed trajectory of our harvest. The cooler temperatures slowed down the sugar accumulation of the fruit and allowed for a longer hang time on the vine. Consequently, we were able to bring in the fruit as the flavors presented themselves. As a result, the wines are concentrated with complex layers and bright acidity.
