WINE OVERVIEW

Our lower elevation section 45.3 is warmer than most others and perfectly suited for ripening this warmer climate variety. This rich wine showcases dark fruit and spice with intense flavors and high acidity. 126 cases produced.

HARVEST OVERVIEW

Consistently warm, dry summer days led to one of the earliest harvests in Stoller's history, beginning on September 13, 2013 with younger Pinot Noir sections. As processing progressed, temperatures cooled and rain showers settled in, setting up a true "vintner's vintage," where meticulous sorting and attentive winemaking were essential. Despite these challenges, the 2013 Stoller vintage ultimately delivered pure, nuanced wines of exceptional quality.
