### WINE OVERVIEW

Our lower elevation section 45.3 is warmer than most others and perfectly suited for ripening this warmer climate variety. This rich wine showcases dark fruit and spice with intense flavors and high acidity. 126 cases produced.

### HARVEST OVERVIEW

A temperate spring and perfect weather around fruit set coupled with a terrific summer of warm temperatures and dry days led to a beautiful vintage of perfectly sized, lusciously ripe fruit. We had our earliest harvest on record, starting with our younger Pinot Noir sections on September 8th. The wines from this vintage are concentrated and fruit driven, illustrating both restraint in winemaking--letting our vineyard display its nature as well as power of a robust growing season.
